Urban Adventure Camp FAQ

What is Urban Adventure Camp?

Urban Adventure Camp is an active camp for children ages 5-13. Located at the Huntington Avenue YMCA These campers get to partake in fun enriching activities, such as sports, literacy activities, arts and crafts, and STEM activities each week. Lunch and an afternoon snack are provided at this camp.

What is a typical day like at Urban Adventure Camp?

Camp is from 8:00am-5:00pm. Monday through Friday. We provide lunch and an afternoon snack every day. Arts & Crafts, sports and swimming are just a few of the activities that a camper will partake in daily. Since the pandemic, we have tried to incorporate “virtual field trips” into our summer camp activities. Urban Adventure Camp partners with the National Park Service each year allowing campers to become more comfortable playing in the natural world and explore some of the public lands and historical sites that Boston has to offer.

How often do the children swim?

Children participate in a 2-3 swim blocks throughout the week. The camp director will let families know what the exact swim schedule will be prior to camp.

What kinds of safety measures are being taken at camp?

We continue to stay committed to the safety of your children and families by updating and adapting our safety policies per recommendations from the CDC, EEC, ACA and the State of Massachusetts guidelines. Safety is our top priority so thank you for your continued cooperation and patience. We ask that all children wear masks at all times except for eating. We also have adapted our games and activities to allow for 6ft of distance.
