Young Explorers Summer Program 2021

What does this program offer?

This program offers a summer of innovation and fun for the curious minds. Children, ages 5-13, will explore, engage, create and stay active. Each week, children will be part of a new experience, such as movement and dance, sports, water activities, creative arts and healthy living.

What are the Camp hours?

Full Day: 8:00am-5:00pm, Monday-Friday; Program is opened **ONLY** for Session 1, 2, 8, 9, 10, 11

What should my child bring?

Bathing suit, towel and extra plastic bag for wet clothing.

The children will be swimming daily and may play water games on the other days, so it is important that they always have their bathing suit with them.

Extra set of clothes if appropriate.

Sunscreen

The children will be out in the sun while they are in our care, and we want to ensure that their skin is protected. Children will be reminded to apply sunscreen at least twice during the day.

Water bottle

Label all children's items.
